## News Release

For Immediate Release: December 7, 2016

### H&R Block Announces Fiscal 2017 Second Quarter Results

KANSAS CITY, Mo. - H&R Block, Inc. (NYSE: HRB) today released its financial results for the fiscal 2017 second quarter ended October 31, 2016. The company normally reports a second quarter operating loss due to the seasonality of its tax business. The fiscal second quarter typically represents less than 5% of annual revenues and approximately 15% of annual expenses.

#### Second Quarter Financial Summary<sup>1</sup>

- *Total revenues increased \$3 million as a result of favorable foreign exchange rates and the recognition of deferred revenues associated with the Peace of Mind product*
- *Total operating expenses declined \$23 million due to one-time costs incurred in the prior year related to the divestiture of H&R Block Bank and capital structure transactions, coupled with savings from cost reduction efforts*
- *Net loss from continuing operations was flat to prior year; loss per share increased \$0.13 due entirely to reduction in share count, which will be accretive on a full year basis, but negatively impacts those quarters with a net loss*
- *Repurchased approximately 7.6 million shares for an aggregate purchase price of \$168 million during the second quarter, bringing total share repurchases for fiscal 2017 to 9.6 million shares*

#### CEO Perspective

"I'm pleased with our second quarter results, as revenues were up and expenses were down. I'm also extremely excited for the upcoming tax season. We have been hard at work developing and implementing a comprehensive and aggressive plan designed to deliver stronger results in tax season 2017," said Bill Cobb, H&R Block's president and chief executive officer. "Our associates and franchisees are excited about our new promotional offerings, including the previously announced interest-free Refund Advance loan and planned changes to our service delivery models. We are ready for the tax season to begin."

<sup>3</sup> The company reports adjusted financial performance, and other non-GAAP financial measures, which it believes are a better indication of the company's core operations. See "About Non-GAAP Financial Information" below for more information regarding financial measures not prepared in accordance with generally accepted accounting principles (GAAP).

## **Income Statement**

- Total revenues increased \$2.9 million to \$131.3 million, partially as a result of favorable foreign exchange rates and tax preparation revenues in international operations. Additionally, deferred revenue recognition from increased Peace of Mind product sales in prior fiscal years also positively impacted revenues. These increases were partially offset by lower domestic tax preparation revenues as well as the impact of the divestiture of H&R Block Bank.
- Total operating expenses decreased \$22.9 million to \$339.4 million. Contributing to the decline were the prior year one-time costs associated with the divestiture of H&R Block Bank and the subsequent capital structure transactions. Lower compensation expense resulting from the company's cost reduction efforts also positively impacted expenses. These were partially offset by increased occupancy and amortization expenses related to competitor and franchise acquisitions in the prior year.
- Interest expense increased \$8.4 million to \$22.6 million primarily due to \$1 billion of long-term debt issued in September 2015.
- Pretax loss decreased \$9.3 million to \$228.5 million.
- Loss per share from continuing operations increased \$0.13 to \$0.67, due entirely to the reduction in share count, which will be accretive on a full year basis, but negatively impacts those quarters with a net loss.

## **CFO Perspective**

"Our expense reduction efforts are starting to bear results," said Tony Bowen, H&R Block's chief financial officer. "These reductions will enable us to fund client growth initiatives to deliver a successful fiscal year 2017."

## **Balance Sheet**

- Mortgage loans previously classified as held for investment were reclassified to mortgage loans held for sale as the company intends to liquidate the portfolio during the third fiscal quarter and receive approximately \$190 million in cash proceeds.
- Long-term debt increased due to line of credit borrowings of \$475 million. Although these amounts are intended to cover short-term offseason liquidity needs, they are classified as long-term debt due to the maturity date of the line of credit agreement.
- Stockholders' equity from October 31, 2015 was reduced by share repurchase and subsequent retirement of 25.5 million shares of common stock for approximately \$717 million.
- Details regarding the divestiture of H&R Block Bank and related agreements, capital structure transactions and share repurchase program can be found in previously filed press releases, and Forms 8-K filed with the Securities and Exchange Commission, in September and October of 2015.

## **Discontinued Operations**

The accrual for contingent losses related to representation and warranty claims at Sand Canyon Corporation, a separate legal entity from H&R Block, Inc., remained unchanged at \$26 million.

## **Share Repurchases and Dividends**

During the second quarter of fiscal 2017, the company repurchased and retired approximately 7.6 million shares at an aggregate price of \$168.4 million, or \$22.16 per share. As of October 31, 2016, 211.5 million shares were outstanding.

The company completed these share repurchases under a \$3.5 billion share repurchase program approved by the company's board of directors in August 2015, which runs through June 2019. Under this program, the company has repurchased approximately 66 million shares of its common stock, or 23.9% of outstanding shares, for an aggregate purchase price of approximately \$2.2 billion.

As previously announced, a quarterly cash dividend of 22 cents per share is payable on January 3, 2017 to shareholders of record as of December 5, 2016. H&R Block has paid quarterly dividends consecutively since the company went public in 1962.

## **Forward-Looking Statements**

This press release contains forward-looking statements within the meaning of the securities laws. Forward-looking statements can be identified by the fact that they do not relate strictly to historical or current facts. They often include words or variation of words such as "expects," "anticipates," "intends," "plans," "believes," "seeks," "estimates," "projects," "forecasts," "targets," "would," "will," "should," "goal," "could" or "may" or other similar expressions. Forward-looking statements provide management's current expectations or predictions of future conditions, events or results. All statements that address operating performance, events or developments that we expect or anticipate will occur in the future are forward-looking statements. They may include estimates of revenues, income, earnings per share, cost savings, capital expenditures, dividends, share repurchases, liquidity, capital structure or other financial items, descriptions of management's plans or objectives for future operations, products or services, or descriptions of assumptions underlying any of the above. All forward-looking statements speak only as of the date they are made and reflect the company's good faith beliefs, assumptions and expectations, but they are not guarantees of future performance or events. Furthermore, the company disclaims any obligation to publicly update or revise any forward-looking statement to reflect changes in underlying assumptions, factors, or expectations, new information, data or methods, future events or other changes, except as required by law. By their nature, forward-looking statements are subject to risks and uncertainties that could cause actual results to differ materially from those suggested by the forward-looking statements. Factors that might cause such differences include, but are not limited to, a variety of economic, competitive and regulatory factors, many of which are beyond the company's control, that are described in our Annual Report on Form 10-K for the fiscal year ended April 30, 2016 in the section entitled "Risk Factors" and additional factors we may describe from time to time in other filings with the Securities and Exchange Commission. You may get such filings for free at our website at <http://investors.hrbblock.com>. You should understand that it is not possible to predict or identify all such factors and, consequently, you should not consider any such list to be a complete set of all potential risks or uncertainties.

## **NON-GAAP FINANCIAL INFORMATION**

The accompanying press release contains non-GAAP financial measures. Non-GAAP financial measures should not be considered as a substitute for, or superior to, measures of financial performance prepared in accordance with GAAP. Because these measures are not measures of financial performance under GAAP and are susceptible to varying calculations, they may not be comparable to similarly titled measures for other companies.

We consider our non-GAAP financial measures to be performance measures and a useful metric for management and investors to evaluate and compare the ongoing operating performance of our business on a consistent basis across reporting periods, as it eliminates the effect of items that are not indicative of our core operating performance.

The following are descriptions of adjustments we make for our non-GAAP financial measures:

- We exclude losses from settlements and estimated contingent losses from litigation and favorable reserve adjustments. This does not include legal defense costs.
- We exclude material non-cash charges to adjust the carrying values of goodwill, intangible assets, other long-lived assets and investments to their estimated fair values.
- We exclude material severance and other restructuring charges in connection with the termination of personnel, closure of offices and related costs.
- We exclude the material gains and losses on business dispositions, including investment banking, legal and accounting fees from both business dispositions and acquisitions.
- We exclude the gains and losses on extinguishment of debt.

We may consider whether other significant items that arise in the future should also be excluded from our non-GAAP financial measures.

We measure the performance of our business using a variety of metrics, including EBITDA from continuing operations and adjusted EBITDA from continuing operations, adjusted pretax and net income of continuing operations, and adjusted diluted earnings per share from continuing operations. Adjusted EBITDA from continuing operations, adjusted pretax and net income from continuing operations, and adjusted diluted earnings per share from continuing operations eliminate the impact of items that we do not consider indicative of our core operating performance and, we believe, provide meaningful information to assist in understanding our financial results, analyzing trends in our underlying business, and assessing our prospects for future performance. We also use EBITDA from continuing operations and pretax income of continuing operations, each subject to permitted adjustments, as performance metrics in incentive compensation calculations for our employees.
